

Japan Airlines Virtual 2020 Released! Pilots Release

Thursday, March 5th, 2020

Japan Airlines Virtual (JAL Virtual), would like to make the formal announcement that Japan Airlines Virtual 2020 has now been released! <https://jalvirtual.com>

### **Pilots Information for the new system**

Welcome to Japan Airlines Virtual 2020 (JALv V2020)

After months of development and testing we are proud to bring you this revamp of our infrastructure. Here's all the info you need to get started.

#### **1. Reset the password and active your account**

All accounts remain intact from the old site but you'll need to reset your password, please have an active email ready. After reset you can login as normal. All pilots are given 250,000 v money for the new system.

**Reset password link** <https://icrew.jalvirtual.com/index.php/login/forgotpassword>

**Login link**

<https://icrew.jalvirtual.com/index.php/login/>

## 2. Initial steps

Welcome to your main profile page, all the information you want is on it. On the left you'll see the main menu, mostly self explanatory.

To look and bid flight's you have the flight operations and timetable.

- **Flight operations** is the most important page here you will search flights, bid on flights, use the roster generator and Jumpseat\*
- **Timetable** here you can view all schedules we have to offer, with other 40,000+ schedules it may take sometime to load, please be patient.

## 3. Flying with many options

After you select and bid your flight your flight will be pre-dispatched and you'll have many options to have your flight dispatched via simbrief and or prefile on VATSIM.

You can go on to log the flight with **Smartcars** or **online tracking** via VATSIM or IVAO using the bided callsign.

## 4. We are here to support you

Please sign up to our new support forum here <https://forums.jalvirtual.com> here you can ask questions, get support for issues and interact with the community.

Also please join our discord here: <https://discord.gg/cfyDMP7> here you can interact with the community, group flights and event interactions happen here. Support can get a faster response on here also as staff are online almost 24/7.

## 5. On going projects

- One month of high responsiveness support for pilots.
- Website bug search and fix
- Noting down suggestions of pilots and staff to implement into the website
- Creating 2-3 unique and fun tours for spring 2020
- Hiring staff and having a complete team to run the VA
- Events planning for the long term
- Creating a training scheme for pilots

**Staff Vacancies**

We are currently looking for talented and experienced individuals for staff positions at JAL Virtual these are: Vice CEO, Events Manager, public relations and Chief pilots if interested please email [admin@jalvirtual.com](mailto:admin@jalvirtual.com)

**About JAL Virtual**

For over 10 years since 2007. Japan Airlines Virtual has been the leading virtual airline in the Japanese and Asia-Pacific region. Japan Airlines Virtual offers the highest standards of quality and excellent service in the virtual skies. Our fleet of modern aircraft from small Dash 8-Q400s to the most modern A350-900, we offer a great variety of equipment for the virtual pilot. We have many partnerships with many different organizations, we support and encourage online flying, monthly events and much more! We welcome you to a truly international environment, where everyone is welcome to fly into tomorrow virtually!

Regards

JAL Virtual team
